### Finally.....

a Filipino-American Legal Document Assistant with a Juris Doctorate degree who can help you navigate the competitive legal and business world in America, so different from doing business in the old country..... and so crucial to stay afloat but affordable & cost-effective too... and only if you cannot afford to pay an expensive attorney.

Evelyn Sineneng-Smith is not-an-Attorney but holds a Juris Doctorate Degree. She is a Bonded & Insured Legal Document Assistant with Registration No. 138 with the County of Santa Clara, California. Expires 4-5-2013

She cannot and will not give you legal advice, and will not perform any work which an attorney can perform for you.

In addition to her academic business and legal education, she has 18 years experience in Bonded Immigration Consulting, totalling more than 40 years business experience all together.

She can explain to you, in plain English, the legal language contained in the legal document you requested, and translate it to you in Tagalog, thereby giving you the option whether to seek legal advice from an attorney or work out your legal problem with her assistance at your specific direction.

If you decide you need legal advice, she will refer you to an attorney and work with your attorney.

Please email us at [sinenengsmith@aol.com](mailto:sinenengsmith@aol.com).

Please leave your name, number and describe the problem which needs legal research, information and legal document preparation. We will respond to you promptly.
